

NU-FUZION™

SECTION 1: Identification of the substance/mixture and of the company/undertaking**1.1. Product identifier**

Product name	NU-FUZION™
Product code	10794 / 10952 / 10953 / 10954

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses	SPECIALIZED DEGREASER - Mineral Oils and Stubborn Stains
Uses advised against	Not available

1.3. Details of the supplier of the safety data sheet

Name	InnuScience SA (Pty) Ltd
Address	31 Avant-Garde Avenue, Northlands Deco Park New Market Road, North Riding, Gauteng 2169 South Africa
Telephone	+27 10 020 3456
Contact email	info.za@innuscience.com

1.4. Emergency telephone number

Telephone	Poison Information Center Johannesburg, South Africa +27 86 155 5777
-----------	--

SECTION 2: Hazards identification**2.1. Classification of the substance or mixture**

Classification according to the United Nations GHS
This mixture is not classified as hazardous.

2.2. Label elements according to the regulation (EC) n°1272/2008 (CLP) and its amendments

Danger symbol (GHS-ZA)	None
Signal word (GHS-ZA)	None
Hazardous ingredients	None
Hazard statements (GHS-ZA)	None
Precautionary statements	None

2.3. Other hazards

Adverse physicochemical, human health and environmental effects
This mixture is not classified as hazardous.

SECTION 3 : Composition/information on ingredients

To the present knowledge of the supplier, this product does not contain any hazardous ingredients in quantities requiring reporting in this section, in accordance with SANS 10234:2019 and SANS 11014:2010.

SECTION 4 : First aid measures**4.1. Description of first aid measures**

General information	If you feel unwell, get medical attention or call a POISON CENTER.
Following inhalation	Move victim to fresh air. Get medical attention if you feel unwell.
Following skin contact	Wash skin with water and soap. If skin irritation occurs, get medical attention.
Following eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
Following ingestion	Get medical attention if you feel unwell.
For emergency responders	No data available

4.2. Most important symptoms and effects, both acute and delayed

Symptoms and effects	This mixture is not classified as hazardous.
----------------------	--

4.3. Indication of any immediate medical attention and special treatment needed

Treat according to symptoms

SECTION 5 : Firefighting measures**5.1. Extinguishing media**

Suitable extinguishing media : Water, foam, carbon dioxide, chemical powder

5.2. Special hazards arising from the substance or mixture

No special hazard expected.

5.3. Advice for firefighters

In case of fire: Wear appropriate apparatus of breathing and protective clothing.

SECTION 6: Accidental release measures**6.1. Personal precautions, protective equipment and emergency procedures**

Avoid contact with eyes.
Wash hands thoroughly after handling.

6.2. Environmental precautions

Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

Suck up spillage with suitable absorbent material. After collection rinse with copious amounts of water. Contact local authorities when discharging large quantities. Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

Refer to sections: 7 safe handling, 8 for personal protective equipments, 13 for disposal.

SECTION 7: Handling and storage**7.1. Precautions for safe handling**

Avoid contact with eyes.
Wash hands thoroughly after handling.

7.2. Conditions for safe storage, including any incompatibilities

Store in tightly closed original packaging and in a well-ventilated place. Protected against direct sunlight. Avoid strong heat.

7.3. Specific end use(s)

No data available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Components with critical values that require monitoring at the workplace (DE)

The product does not contain any relevant quantities of substances with limit values that are related to the workplace or to be monitored.

8.2. Appropriate engineering controls

Eyewash stations

8.3. Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection : No eye protection is required in general.

Skin/hand protection : No hand protection is required in general. Wash hands thoroughly after handling. Protective gloves are recommended if the product is used for a long period of time.

Respiratory protection : No respiratory protection is required in general.

Environmental exposure
controls

Avoid release to the environment.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	Liquid
Colour	Colourless
Odour	Odourless
Odour threshold	Not applicable
pH	11.2 – 11.7
Melting / Freezing point	0°C , since the product is based on water.
Boiling point	Approximately 100 °C, since the product is based on water.
Flash point	Not measured. The product does not contain flammable ingredients.
Evaporation rate (water = 1)	Not determined but similar to water.
Flammability	The product is not flammable.
Lower limit of flammability or explosive	Not relevant, since the product is not flammable.
Upper limit of flammability or explosive	Not relevant, since the product is not flammable.
Vapour pressure (mm Hg)	Similar to water, approximately 23.8 at 25°C.
Vapour density	Value not relevant for classification.
Relative density	1.01 – 1.02
Water solubility	Easily soluble in water.
Solubility in other Solvents	Not determined. The product is not expected to be diluted in solvents other than water.
Log Kow	Value not relevant for classification
Auto-inflammability temperature	Not relevant, since the product is based on water.
Decomposition temperature	Value not relevant for classification
Viscosity	< 10 cP

Explosive properties
Oxidizing properties

The product does not present an explosion hazard.
The product does not present an oxidizing hazard.

9.2. Other information

Cinematic viscosity < 10 cSt/s

SECTION 10: Stability and reactivity

10.1. Reactivity

No known reactivity. The product is stable under normal use and storage.

10.2. Chemical stability

The product is chemically stable under normal ambient conditions (room temperature).
The colour of the product may change with time, but with no impact on performance.

10.3. Possibility of hazardous reactions

Under normal conditions of storage and use, hazardous reactions will not occur.

10.4. Conditions to avoid

Prolonged storage at temperatures above 40°C or direct light may alter the colour of the product.

10.5. Incompatible materials

Strong acids

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous reactions will not occur.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity

This product is not classified (the classification criteria are not met).
ATEmix calculated (oral) > 5000 mg/Kg
ATEmix calculated (dermal) > 5000 mg/Kg

Skin corrosion/irritation

Not classified (the classification criteria are not met).

Serious eye damage/Irritation

Not classified (the classification criteria are not met).

Respiratory or skin sensitisation

Not classified (the classification criteria are not met).

Germ cell mutagenicity

Not classified (the classification criteria are not met).

Carcinogenicity

Not classified (the classification criteria are not met).

Reproductive toxicity

Not classified (the classification criteria are not met).

STOT - single exposure

Not classified (the classification criteria are not met).

STOT - repeated exposure

Not classified (the classification criteria are not met).

Aspiration hazard

Not classified (the classification criteria are not met).

SECTION 12: Ecological information**12.1. Toxicity**

Acute toxicity, LC50 (calculated): > 100 mg/l

12.2. Persistence and degradability

No information is available on the mixture.

12.3. Bioaccumulative potential

No information is available on the mixture.

12.4. Mobility in soil

No information is available on the mixture.

12.5. Other adverse effects

No other known adverse effects.

SECTION 13: Disposal considerations**13.1. Waste treatment methods**

Dispose in accordance with local and national regulations.

SECTION 14: Transport information**14.1 UN-Number**

SANS, IMDG, IATA Not regulated

14.2 UN proper shipping name

SANS, IMDG, IATA Not regulated

14.3 Transport hazard class(es)

SANS, IMDG, IATA Not regulated

14.4 Packing group

SANS, IMDG, IATA Not regulated

14.5 Environmental hazards:

Marine pollutant: No

14.6 Special precautions for user

Not applicable

14.7 Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****Classification and labeling information in section 2:**

The following regulations have been taken into account: According to SANS 10234:2019 and SANS 11014:2010.

SECTION 16: Other information

16.1. Indication of changes (Additions, Deletions, Revisions)

Creation date: 29/07/2020
Revision date: 16/03/2021
Version: 2

16.2. Key or legend to abbreviations and acronyms

ADR: European Agreement concerning the international carriage of dangerous goods by road.
CAS No.: Chemical Abstract Service Number.
CLP: Classification, Label, Package
EC No.: European Commission Number
IATA: International Air Transport Association
IMDG: International Maritime Dangerous Goods code
PBT: Persistent, bioaccumulative, toxic
UN: UN Number
vPvB: Very Persistent, very Bioaccumulative

16.3. List of relevant hazard statements and/or precautionary statements. (Full text of any statements which are not written out in full under section 2 to 15)

Hazard statements (H):
Not applicable

16.6. Advice on any training appropriate for workers to ensure protection of human health and the environment

No data available

The information given in this Safety Data Sheet is based on our present knowledge and on the South Africa regulations. This Safety Data Sheet describes safety requirements relative to identified uses, it doesn't guarantee all the product properties particularly in the case of non identified uses. The product mustn't be used for any uses other than those identified under heading 1. Since the user's working conditions are not known by us, it is the responsibility of the user to take all necessary measures to comply with legal requirements for specific uses and avoid negative health effects.
