

NU-TAG™

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name **NU-TAG™**
 Product code **10776 / 10905 / 10906 / 10907**

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses **GRAFFITI REMOVER - Hard and Smooth Surfaces**
 Uses advised against **Not available**

1.3. Details of the supplier of the safety data sheet

Name **InnuScience SA (Pty) Ltd**
 Address **31 Avant-Garde Avenue, Northlands Deco Park
 New Market Road, North Riding, Gauteng 2169
 South Africa**
 Telephone **+27 10 020 3456**
 Contact email **info.za@innuscience.com**

1.4. Emergency telephone number

Telephone **Poison Information Center
 Johannesburg, South Africa
 +27 86 155 5777**

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to the United Nations GHS

Serious eye damage/eye irritation, Category 2A **H319**

2.2. Label elements according to the regulation (EC) n°1272/2008 (CLP) and its amendments

Danger symbol (GHS-ZA)

Signal word (GHS-ZA) **GHS07
 Warning**

Hazardous ingredients **Soybean oil, methyl ester**

Hazard statements (GHS-ZA) **H319 Causes serious eye irritation.**

Precautionary statements **P264 Wash hands thoroughly after handling.
 P280 Wear eye protection.
 P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes.
 Remove contact lenses, if present and easy to do. Continue rinsing.
 P337+P313 If eye irritation persists: Get medical attention.**

2.3. Other hazards

Adverse physicochemical, human health and environmental effects
 Causes serious eye irritation.

SECTION 3 : Composition/information on ingredients

Name	Product identification	%	Classification according to the United Nations GHS
Soybean oil, methyl ester	CAS No. : 67784-80-9 EC No. : 267-055-2	15% ≤ C ≤ 25%	Eye Irrit. 2: H319

For the full text of the H-Statements mentioned in this Section, see Section 16.

SECTION 4 : First aid measures**4.1. Description of first aid measures**

General information	If you feel unwell, get medical attention or call a POISON CENTER.
Following inhalation	Move victim to fresh air. Get medical attention if you feel unwell.
Following skin contact	Wash skin with water and soap. If skin irritation occurs, get medical attention.
Following eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
Following ingestion	Get medical attention if you feel unwell.
For emergency responders	No data available

4.2. Most important symptoms and effects, both acute and delayed

Symptoms and effects	Causes serious eye irritation
----------------------	-------------------------------

4.3. Indication of any immediate medical attention and special treatment needed

Treat according to symptoms

SECTION 5 : Firefighting measures**5.1. Extinguishing media**

Suitable extinguishing media : Water, foam, carbon dioxide, chemical powder

5.2. Special hazards arising from the substance or mixture

No special hazard expected.

5.3. Advice for firefighters

In case of fire: Wear appropriate apparatus of breathing and protective clothing.

SECTION 6: Accidental release measures**6.1. Personal precautions, protective equipment and emergency procedures**

Evacuate unprotected persons from the danger area.
Use required personal protective equipment.

6.2. Environmental precautions

Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

Suck up spillage with suitable absorbent material. After collection rinse with copious amounts of water. Contact local authorities when discharging large quantities. Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

Refer to sections: 7 safe handling, 8 for personal protective equipments, 13 for disposal.

SECTION 7: Handling and storage**7.1. Precautions for safe handling**

Avoid contact with eyes.
Use required personal protective equipment.
Wash hands thoroughly after handling.

7.2. Conditions for safe storage, including any incompatibilities

Store in tightly closed original packaging and in a well-ventilated place. Protected against direct sunlight. Avoid strong heat.

7.3. Specific end use(s)

No data available

SECTION 8: Exposure controls/personal protection**8.1. Control parameters**

Components with critical values that require monitoring at the workplace (DE)
The product does not contain any relevant quantities of substances with limit values that are related to the workplace or to be monitored.

8.2. Appropriate engineering controls

Eyewash stations

8.3. Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection : Wear safety glasses

Skin/hand protection : No hand protection is required in general. Wash hands thoroughly after handling. Protective gloves are recommended if the product is used for a long period of time.

Respiratory protection : No respiratory protection is required in general.

Environmental exposure
controls

Avoid release to the environment.

SECTION 9: Physical and chemical properties**9.1. Information on basic physical and chemical properties**

Physical state	Liquid
Colour	Colourless
Odour	Odourless
Odour threshold	Not applicable
pH	6.5 - 7.5

Melting / Freezing point	0°C , since the product is based on water.
Boiling point	Approximately 100 °C, since the product is based on water.
Flash point	> 93°C (open cup - ASTM D92)
Evaporation rate (water = 1)	Not determined but similar to water.
Flammability	The product is not flammable.
Lower limit of flammability or explosive	Not relevant, since the product is not flammable.
Upper limit of flammability or explosive	Not relevant, since the product is not flammable.
Vapour pressure (mm Hg)	Similar to water, approximately 23.8 at 25°C.
Vapour density	Value not relevant for classification.
Relative density	0.93 - 0.95
Water solubility	Easily soluble in water.
Solubility in other Solvents	Not determined. The product is not expected to be diluted in solvents other than water.
Log Kow	Value not relevant for classification
Auto-inflammability temperature	Not relevant, since the product is based on water.
Decomposition temperature	Value not relevant for classification
Viscosity	< 10 cP
Explosive properties	The product does not present an explosion hazard.
Oxidizing properties	The product does not present an oxidizing hazard.

9.2. Other information

Cinematic viscosity	< 10 cSt
---------------------	----------

SECTION 10: Stability and reactivity

10.1. Reactivity

No known reactivity. The product is stable under normal use and storage.

10.2. Chemical stability

The product is chemically stable under normal ambient conditions (room temperature).
The colour of the product may change with time, but with no impact on performance.

10.3. Possibility of hazardous reactions

Under normal conditions of storage and use, hazardous reactions will not occur.

10.4. Conditions to avoid

Prolonged storage at temperatures above 40°C or direct light may alter the colour of the product.

10.5. Incompatible materials

Unknown incompatible materials.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous reactions will not occur.

SECTION 11: Toxicological information

11.1 Information on toxicological effects**Acute toxicity**

This product is not classified (the classification criteria are not met).

ATEmix calculated (oral) > 5000 mg/Kg

ATEmix calculated (dermal) > 5000 mg/Kg

Exposition	Measurement	Effective dose	Method
Substance: Methyl ester, soybean oil - CAS No. : 67784-80-9			

According to SANS 10234:2019 and SANS 11014:2010

Oral	LD50	5000 - 15000 mg/Kg (Rat)	-
Dermal	LD50	2000 - 20000 mg/Kg (Rabbit)	-

Skin corrosion/irritation

Not classified (the classification criteria are not met).

Serious eye damage/Irritation

Causes serious eye irritation.

Respiratory or skin sensitisation

Not classified (the classification criteria are not met).

Germ cell mutagenicity

Not classified (the classification criteria are not met)

Carcinogenicity

Not classified (the classification criteria are not met)

Reproductive toxicity

Not classified (the classification criteria are not met)

STOT - single exposure

Not classified (the classification criteria are not met)

STOT - repeated exposure

Not classified (the classification criteria are not met)

Aspiration hazard

Not classified (the classification criteria are not met)

SECTION 12: Ecological information

12.1. Toxicity

Acute toxicity, LC50 (calculated): 10 -100 mg/l

Effective dose	Duration (h)/(d)	Species	Method
Substance: Methyl ester, soybean oil - CAS No. : 67784-80-9			
LC50: > 1000 mg/l	96h	Fish	-
CE50: 800 - 5243 mg/l	48h	Crustaceans	-

12.2. Persistence and degradability

No information is available on the mixture.

12.3. Bioaccumulative potential

No information is available on the mixture.

12.4. Mobility in soil

No information is available on the mixture.

12.5. Other adverse effects

No other known adverse effects.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Dispose in accordance with local and national regulations.

SECTION 14: Transport information

14.1 UN-Number	
SANS, IMDG, IATA	Not regulated
14.2 UN proper shipping name	
SANS, IMDG, IATA	Not regulated
14.3 Transport hazard class(es)	
SANS, IMDG, IATA	Not regulated
14.4 Packing group	
SANS, IMDG, IATA	Not regulated
14.5 Environmental hazards:	
Marine pollutant:	No
14.6 Special precautions for user	Not applicable
14.7 Transport in bulk according to Annex II of Marpol and the IBC Code	Not applicable

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****Classification and labeling information in section 2:**

The following regulations have been taken into account: According to SANS 10234:2019 and SANS 11014:2010.

SECTION 16: Other information**16.1. Indication of changes (Additions, Deletions, Revisions)**

Creation date: 21/05/2020

Revision date: 16/03/2021

Version: 3

16.2. Key or legend to abbreviations and acronyms

ADR: European Agreement concerning the international carriage of dangerous goods by road.

CAS No.: Chemical Abstract Service Number.

CLP: Classification, Label, Package

EC No.: European Commission Number

IATA: International Air Transport Association

IMDG: International Maritime Dangerous Goods code

PBT: Persistent, bioaccumulative, toxic

UN: UN Number

vPvB: Very Persistent, very Bioaccumulative

16.3. List of relevant hazard statements and/or precautionary statements. (Full text of any statements which are not written out in full under section 2 to 15)

Hazard statements (H):

H319: Causes serious eye irritation.

16.6. Advice on any training appropriate for workers to ensure protection of human health and the environment

No data available

SAFETY DATA SHEET

According to SANS 10234:2019 and SANS 11014:2010

The information given in this Safety Data Sheet is based on our present knowledge and on the South Africa regulations. This Safety Data Sheet describes safety requirements relative to identified uses, it doesn't guarantee all the product properties particularly in the case of non identified uses. The product mustn't be used for any uses other than those identified under heading 1. Since the user's working conditions are not known by us, it is the responsibility of the user to take all necessary measures to comply with legal requirements for specific uses and avoid negative health effects.
